TeaPartyTraining.org FAQs

Is there a cost for this training?

While there is no cost to access www.TeaPartyTraining.org, your financial support of the Leadership Institute will enable many more conservative activists to be trained. Please visit www.LeadershipInstitute.org/Contribute to help train conservative activists to fight for the principles that made this country great.

How do I access the training?

Please visit www.TeaPartyTraining.org to sign in using your contact information.

Will I be able to ask questions during or after the online training?

At this time, you will not be able to ask the speakers questions during the online training. As the Leadership Institute continues to improve its online training program, this may be an option in the near future. However, please feel free to contact the Leadership Institute with any questions or comments you may have regarding the information presented in the training videos.

How are the Leadership Institute and Tea Party Patriots affiliated?

The Leadership Institute and Tea Party Patriots have partnered to offer online grassroots activist training to members of Tea Party Patriots.

Can I pause the training videos?

Yes, you will be able to pause and play the training videos at your convenience.

Who are the trainers?

Leadership Institute trainers are experts in their respective fields. They generously volunteer their time and expertise in order to assist the Leadership Institute in achieving the mission to increase the number and effectiveness of conservative activists in the public policy process.

What will I learn? What topics are covered?

By participating in the training at www.TeaPartyTraining.org you will learn from political experts practical skills that will enable you to shape public policy and reclaim this country's founding principles.

Currently, www.TeaPartyTraining.org gives you the tools you will need to raise money for your cause or candidate, impact your government through direct participation, sell your message and achieve buy-in from your supporters, and run a successful campaign for elected office.

Reclaiming America Through Action

Online, On-Demand Training Launched July 4, 2010

www.TeaPartyTraining.org

Tea Party Patriots, in partnership with the Leadership Institute, launch www.TeaPartyTraining.org, an online and on-demand grassroots activist training initiative designed to equip members of the Tea Party Patriots with the information they need to move beyond high-profile protests and actively shape public policy.

According to Co-Founder and National Coordinator, Jenny Beth Martin, “The new training system was created in response to the needs of our members. It is intended to help newly activated members understand how to move beyond protest and into action, helping to return the nation to its founding principles.”

Founded in 1979, the Leadership Institute is one of the nation’s largest and most experienced political training organizations and is uniquely equipped to handle the challenge of offering training to the country’s largest Tea Party group.

“The partnership between the two organizations is a natural fit. The Patriots bring fresh passion and dedication and the Leadership Institute offers over 30 years of political training experience,” Morton Blackwell, Leadership Institute Founder and President said.
